

Internal Vacancy

‘ Motor mechanic’ Full-time.

We are seeking a suitable applicant to fill the diverse role of motor mechanic. This challenging & dynamic motor mechanic role entails: General cleaning duties, regular maintenance on boat motors, go karts, modified car engines & mechanical equipment. NZ based experience working on small appliances and gardening equipment will also be useful.

Skills required for this role include:

- The ability to work on a wide range of mechanical devices & motors.
- Experience with electronics, panel-beating, brakes & exhaust systems.
- This role is a hands on role therefore you must be able to work autonomously, multitask and have exceptional knowledge of the workings and problems associated with a variety of motors including tool motors, electrical circuitry, boat motors & automotive motors.

Those interested in applying for this position will need to be available to work weekends where shifts can fall normally on both a Saturday & Sunday. You should be self motivated and have a passionate energy towards people and getting things done.

This is a fantastic opportunity for someone to gain valuable experience at one of NZ's premiere tourist destinations.

If interested or you know anyone who maybe a good fit for this position, please submit a covering letter and CV to reception, with attention Ross Parton but not later than 5.00pm, Wednesday the 17th June, 2009.
